Dear Lil & Harold,

Never Again is now fully edited, but not yet copyedited.

If you prefer someone else to publish it please make the arrangement. We cannot publish it before March of 1995, but will do so then if you wish.

I do not wish to debate the justification of your anger. I do not have the energy to involve myself in more acrimony.

I am sorry the book is not more timely published. I am sorry you are vexed. I am sorry you are not feeling stronger.

My Best Wishes As Always.
Richard

P.S. Please keep any reply to one page or less!

You gave me carte blanche to edit Case Open.

It was not publishable as delivered.
